

## Why CommQuotes?

We're your technology partner with expertise and experience across geographies, suppliers, industries, and verticals.

Managing IT services is complicated. Our job is to relieve you of the burden of managing them on your own. We've seen everything under the sun when it comes to business technology, and we have a proven track record and extensive intellectual property from years of experience.

We've worked with organizations ranging from SMBs to global Fortune 100 enterprises, and we'll help you achieve cost-effectiveness through our entrenched vendor relationships that you'd never see going direct.

### White-Glove Service

Our seasoned experts give you world-class support and agnostic advice.

### We Stick With You

Enjoy 360-degree lifecycle, advocacy, and account management for as long as you'll work with us.

### Leverage Our Provider Relationships & Special Pricing

Longstanding relationships with 350+ suppliers mean better-than-direct pricing for you.

### The Custom-Fit Technology to Support Your Growth

Get technology solutions tailored to help you achieve your growth goals.

### An Unbiased Partner

Ever tried to figure out tech buzzwords like SD-WAN, Cloud PBX or Microsoft telephony on your own? We'll give you honest, expert guidance.

## How Are We Different?

We've implemented hundreds of millions of dollars worth of contracts around the world.

We've partnered with 350+ ISP, VoIP, and cloud providers around the globe.

We've helped thousands of IT pros globally. We can help you, too.
